1.

She's leavin', she decided late last night while she was lyin' next to you
She's leavin', and it came as no surprise to anybody that she knew
She's leavin', and the baby ain't the reason that she stayed this long to try
She's leavin', and no matter what her mother says, of all the things she'll think about
The last thing that she'll think about is cry

2.

She's leavin', and she hates herself for feelin' like there's nothin' left to do
She's leavin', she's been dyin' in the silence with a heart that's broke in two
She's leavin', you've been drivin' her away and she won't even wave good-bye
She's leavin', and no matter what her mother says, of all the things she'll think about
The last thing that she'll think about is cry

CHORUS:

You don't say that you love her
You don't say anything at all
You don't hear a word that she's sayin'
So you won't hear her foot steps down the hall

3.

She's leavin', she decided late last night while she was lyin' next to you
She's leavin', and it came as no surprise to anybody that she knew
She's leavin', it's been over for so long now that it's past the point of lies
She's leavin', and no matter what her mother says, of all the things she'll think about
The last thing that she'll think about is cry

CHORUS
